

Small Road Flap – Heavy-Duty PVC

Micromax Pty Ltd offers large road tube flaps, perfectly designed for securing D-Tubes and oversize tube in roadside counter installations.

- **Custom-Made:** Cut to order from durable 2mm thick PVC belting to fit your D-Tube or oversize tubes perfectly.
- **Built to Last:** Heavy-duty construction ensures reliable performance under constant roadside use.
- **Secure & Practical:** Keeps your D-Tube and oversize tube installations firmly in place, providing safety and stability.

Ideal for roadside setups where durability and a perfect fit are essential.
