

30cm Black Bituminous Angle post (with nut/screw)

A strong and reliable mounting solution designed for rural, remote, and roadside installations. Constructed from **high-grade steel** and finished with a **black bituminous coating**, this 30cm angle post delivers long-lasting durability in harsh Australian conditions.

Lightweight yet sturdy, it provides excellent stability in sandy or uneven ground. The **pre-punched hole** allows for quick, precise installation, and each post includes a **nut and screw** for secure fastening.

Features

- High-grade steel construction for strength and longevity
- Black bituminous coating for enhanced weather resistance
- Pointed end for easier driving into compacted or uneven ground
- One pre-punched hole for fast and accurate alignment
- Includes nut and screw for reliable mounting
- Lightweight, durable, and resistant to movement in soft soil
